Re: Reclamation Required, MMG Mining, Bald Knoll Mine, S/025/0012, Kane County, Utah

Dear Mr. Carter:

The Division recently sent you a letter dated May 8, requiring that you either:

1. Notify the Division that you have a new SITLA lease by June 1, 2012, or
2. Reclaim the mining-related disturbance by September 1, 2012.

The mineral lease was canceled for non-payment, so you no longer have right of entry, except to perform reclamation activities. Because seeding is best accomplished in the fall, the Division has decided the deadline for completing reclamation. Reclamation must be completed by October 15, 2012. Failure to reclaim the site by this date may result in issuance of a notice of violation and associated fine.

Please notify Peter Brinton at 801-538-5258 or me at 801-538-5261 following the completion of your work or if you have questions.

Sincerely,

Paul B. Baker
Minerals Program Manager
